## Corporate support

The business sector has a vital role to play in sustaining Shropshire's wild places and we enjoy a good working relationship with a wide range of companies.

They have taken part in specific projects such as installing nestboxes for pied flycatchers and multi-year schemes that give young people the opportunity to volunteer on our reserves and learn conservation skills.

## Corporate Membership

Joining Shropshire Wildlife Trust allows your company to demonstrate its environmental and social commitment. By contributing to the Trust's conservation work across the county, your membership also has an immediate impact on the quality of environment in which your employees live and work.
