

Shropshire Wildlife Trust Covid-19 crisis risk assessment

Outline of Hazard/Task:
People entering/using SWT office space (i.e. not for Visitor Centre/café – V3.0 onwards to include meeting room use)
Location / Grid reference and/or postcode: Shrewsbury - Coleham Yard SY3 7BP; The Cut SY2 6AH; Peach Tree SY2 6AE
 The emphasis from Government is for businesses to take more responsibility in returning staff to the workplace. However, working at home is still considered (at 17.8.20) the most suitable way to suppress the virus whilst ensuring the economy and business return to the new normal.

To minimise risk of contagion, use of any office space is for essential use only and only at the agreement of the senior management team (SMT).

This latest update adds detail about small groups (10 max.) of SWT staff meeting in the Trust’s conferencing areas.

Risk assessments (RAs) consider hazards, risk levels and likelihood of occurrence associated with the Covid-19 crisis. Previous site or dynamic RAs in place must also be adhered to.
