

Branch / Local Group communication / social media Volunteer

Team

People & Wildlife - Branches

Role Description

Our local Branches are looking for people with experience of using social media, promotion and publicity, to support them with their work. You'll be motivated and interested in the environment and nature but it is not necessary for you to live in Shropshire. This is a role that can be carried out remotely.

Skills and Experience

- Social media – Facebook, Twitter, Instagram etc..
- Interest in the environment and nature
- Knowledge of Shropshire

Essential / Desirable?

- Essential
- Desirable
- Desirable

Skills Development Offered

- You'll be working with a committed and passionate group of volunteers supporting the delivery of Shropshire Wildlife Trust's vision of a county rich in wildlife.

Support Available

- Ideally you'll already have the skills and experience to use social media effectively. Some limited support will be available but we cannot provide training in this area.
- Once you register as a volunteer, you will be invited to volunteer social events and training

Minimum time commitment needed

We anticipate this role will require approximately a couple of hours a week.

Other information

- You will be expected to comply with our safeguarding policy and procedures and code of practice for appropriate behaviour
- Attendance at an Introduction to Volunteering session for this role is mandatory. These take place on the 3rd Tuesday each month, 11am to mid day at our main base in Shrewsbury and we also offer this session remotely on Teams and can discuss dates with you.
